**TRANSFORMING  
THE WORLD OF  
RESEARCH &  
INNOVATION**

### **INNOVATION IS THE HEARTBEAT OF TRANSFORMATION**

Staying ahead of the competition and continuing to be relevant and sustainable in this fast-paced industry, requires you to be at the centre of innovation. At ITMA 2023, participating in the Research & Innovation Lab (previously the R&I Pavilion), gives you access to network and collaborate with international leaders, top textile universities and research organisations from around the world. Join us and be a part of the change.

**ITMA is the most important trade show for DITF and for the textile industry. Anybody and everybody who is in this business will have to visit ITMA. We encourage our students to visit ITMA once every 4 years. It is truly the textile and garment innovation platform for the industry. Students can gain a lot of practical knowledge visiting the exhibition, deepening their learning on textile innovation."**

Hendrik Hauss, Public Relations Manager, DITF Denkendorf

Plan ahead! Exhibitors have the flexibility to choose and order shell scheme stand construction packages via the ITMA 2023 online service order platform (available from 6 July 2022) or to build custom design booths.

## MAKE THE MOST OUT OF YOUR PARTICIPATION

Exhibitors can join the following:

### Innovator Xchange

Formerly known as the Speakers Platform, this platform offers opportunities for exhibitors to share their research projects and cutting-edge technology.

### Innovative Video Showcase

Exhibitors can highlight their outstanding innovative products and technologies to a global audience in a two-minute video.

### ITMA Sustainable Innovation Award

The prestigious award features two categories:

- Industry Excellence Award for textile and garment manufacturers
- Research & Innovation Excellence Award for Master's Degree students
